Celestis Pets Overview

The Most Unique Pet Memorial Service in the Universe

[Celestis Pets](#) presents the first memorial spaceflight service for honoring a beloved pet by sending it on an unforgettable launch to outer space. Celestis Pets is a new division of [Celestis, Inc.](#), the pioneer and global leader in memorial spaceflights. Celestis has conducted twelve memorial spaceflights to date, launching human cremated remains to space, Earth orbit, and the moon. Celestis Pets offers customers a range of services that memorialize a symbolic portion of cremated remains or DNA on board commercial launch vehicles. The service is a uniquely compelling tribute that connects pet lovers everywhere with their animal companions on a cosmic journey.

Our Story

For years, Celestis received inquiries from pet owners around the world seeking to honor their special animal companions with a final journey among the stars. Celestis Pets is pleased to offer this service, conducted by an experienced team of pet-loving aerospace professionals.

A memorial spaceflight is a unique and compelling way to honor your best friend and do something truly unforgettable. Many of our fans and customers note that a memorial spaceflight is a great way to contribute to the advancement of space exploration, a real tribute to the memory of your pet. All of our pet pioneers will fly with science experiments and spacecraft that advance human knowledge and protect the planet and its living creatures.

Space travel will soon become a reality for humankind and there is no doubt that our best friends will make the journey with us! Celestis Pets is one way you can make that future possible.

Our customers are invited to light the brightest candle in the world in memory of their pet as a lasting and unforgettable send-off.
